EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After an updated search, Stephens et al (U.S. Patent 6,563,614) remains the closest prior art of record. After carefully reviewing applicant's comments regarding the Stephens et al reference, as well as the comments made during the interview held on October 8, 2003, and after studying the claims as amended on October 14, 2003, the Examiner has concluded that Stephens et al neither discloses nor reasonably suggests the invention set forth in applicant's pending claims. It is agreed that Stephens et al does not teach or suggest the maintenance, in memory, of a timewise correlation history (or link history) of correlated values of optical element operational characteristics and optical element provisional settings. The Examiner agrees that Stephens et al actually requires storing all information about each separate optical element in an independent memory for each element. It is clear that the claimed invention is patentably distinct from that of the Stephens et al reference. Claims 1-56 herein are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (703) 308-4886. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800

receptionist at telephone number (703) 308-0956, to the technical support staff supervisor (Team 2) at telephone number (703) 308-3072, or to the Technology Center 2800 Customer Service Office at telephone number (703) 306-3329.
